
POSTERS & DEMONSTRATIONS

Monday: 14:30 – 16:30

Tuesday: 14:00 – 16:00

Monday, September 15		14:30 - 16:30	
The MultiMatch prototype: Multilingual/Multimedia Search for Cultural Heritage Objects		Giuseppe Amato, Franca Debole, Carol Peters, Pasquale Savino	
Digital Preservation of Scientific Data		José Barateiro, Gonçalo Antunes, Manuel Cabral, José Borbinha, Rodrigo Rodrigues	
Building a Digital Research Community in the Humanities		Toby Burrows, Ela Majocha	
New Tasks on Collections of Digitized Books		Gabriella Kazai, Antoine Doucet, Monica Landoni	
Plato: A Preservation Planning Tool Integrating Preservation Action Services		Hannes Kulovits, Christoph Becker, Michael Kraxner, Florian Motlik, Kevin Stadler, Andreas Rauber	
A Mechanism for Solving the Unencoded Chinese Character Problem on the Web		Te-Jun Lin, Jyun-Wei Huang, Christine Lin, Hung-Yi Li, Hsiang-An Wang, Chih-Yi Chiu	
Gaze interaction and access to library collection		Haakon Lund, John Paulin Hansen	
Covering Heterogeneous Educative Environments with Integrated Editions in the Electronic Work		Miguel Angel Martinez-Prieto, Pablo De la Fuente, Jesus Vegas, Joaquin Adiego	
Exploring Query Formulation and Reformulation: a Preliminary Study to Map Users' Search Behaviour		Anna Mastora, Maria Monopoli, Sarantos Kapidakis	
Identification of Bibliographic Information Written in both Japanese and English		Yuko Taniguchi, Hidetsugu Nanba	
A Framework for Music Content Description and Retrieval		Alberto Pinto, Goffredo Haus	
XCL - The Extensible Characterisation Language - One step towards an automatic evaluation of format conversions		Jan Schnasse, Sebastian Beyl, Elona Chudobkaite, Volker Heydegger, Manfred Thaller	
Digital Preservation Needs of Scientific Communities: The Example of Göttingen University		Sven Vlaeminck, Stefan Strathmann, Heike Neuroth	
A user field study: Communication in academic communities and government agencies		Filip Kruse, Annette Sørensen, Bart Ballaux, Birte Christensen-Dalsgaard, Hans Hofman, Michael Nielsen, John Pattenden-Fail, Seamus Ross, Kellie Snow, Jørn Thøgersen	

Tuesday, September 16		14:00 - 16:00	
An Extensible Virtual Digital Libraries Generator - Demonstration following presentation	Massimiliano Assante, Leonardo Candela, Donatella Castelli, Luca Frosini, Lucio Lelii, Paolo Manghi, Andrea Manzi, Pasquale Pagano, Manuele Simi		
Enhancing Library Services with Web 2.0 functionalities - Demonstration following presentation	Dimitris Gavrilis, Constantia Kakali, Christos Papatheodorou		
A Service-Oriented Infrastructure for Early Citation Management - Demonstration following presentation	Jose Canós, Manuel Llavador, Eduardo Mena, Marcos R. S. Borges		
Sustainable Digital Library Systems over the DRIVER Repository Infrastructure - Demonstration following presentation	Paolo Manghi, Marko Mikulicic, Michele Artini, Donatella Castelli, Pasquale Pagano, Leonardo Candela		
Using Terminology Web Services for the Archaeological Domain	Ceri Binding, Douglas Tudhope		
Agile DL: Building a DELOS-conformed Digital Library using Agile Software Development	Javier Fernández, Miguel Angel Martinez-Prieto, Pablo De la Fuente, Jesus Vegas, Joaquin Adiego		
Design of a Digital Library System for Large-Scale Evaluation Campaigns	Marco Dussin, Nicola Ferro		
An XML-Centric Storage for Better Preservation and Maintenance of Data: Union Catalog of NDAP, Taiwan	Tzu-Yen Hsu, Ting-Hua Chen, Chung-Hsi Hung, Sea-Hom Chou		
Summa: This is not a Demo	Gitte Behrens, Mikkel Kamstrup Erlandsen, Toke Eskildsen, Bolette Ammitzbøll Jurik, Dorete Bøving Larsen, Hans Lauridsen, Michael Poltorak Nielsen, Jørn Thøgersen, Mads Villadsen		
Event Representation in Temporal and Geographic Context	Ryan Shaw, Ray Larson		
DIGMAP: A digital library reusing metadata of old maps and enriching it with geographic information	José Borbinha, Gilberto Pedrosa, João Luzio, Hugo Manguinhas, Bruno Martins		
Visual Analysis of Classification Systems and Library Collections	Magnus Pfeffer, Kai Eckert, Heiner Stuckenschmidt		
Dynamic Catalogue Enrichment with SeeAlso Link Servers	Jakob Voß		
Access to Archival Finding Aids: Context Matters	Junte Zhang, Khairun Nisa Fachry, Jaap Kamps
